**Subject:** Draft Memo on TASC at SSFL

---

Luis - Here is my first shot at getting ideas on paper on how we can organize and roll-out our TASC program at SSFL. Please feel free to liberally comment on this document (via Track changes) or comments in the margin.....and/or we could meet this afternoon or later this week. As you know, there are some thorny issues for us to tackle. Hopefully, this memo will allow us to exchange ideas on key concepts on our roll-out strategy. Obviously, new challenges will arise as we start to roll this out so this memo needs to be dynamic and we can modify it/improve as we proceed. Once it looks like we have a game plan, I will need to let other Stakeholders know (i.e. DTSC and Water Board and Respondents(?)), and then start coordinating with Chris, Christina and Dan to kick-off Needs Assessment Meeting.

Craig
